

Things to check before you start

-  Check the pack and make sure you have all the parts listed. If not, contact your local retailer, who will be able to help you.
 -  When you are ready to start, make sure that you have the right tools to hand, plenty of space and a clean, dry area for assembly.
 -  **Please note:** Although these instructions are comprehensive, it is always recommended that a technically competent installer should undertake installation.
 -  Please read the instruction before you start.
 -  Retain these instructions for future reference.

Golden rules for care

- 1 Do not use bleach based products such as blue cistern blocks, as these can damage the cistern fittings.
- 2 It is recommended to check all fittings for security and tightness at regular intervals.
